Policy: Investments

Purpose
To establish the framework for investment of University funds.

Overview
The framework for investment of University funds.

Scope
This Policy applies across the University.

Policy Statement

Principles

2. The University’s Investment Office is responsible for day to day management of University funds under investment, subject to oversight by the University’s Council, the Finance Committee of Council, and its Investment Advisory Sub-Committee.

3. University funds will be invested in accordance with provisions set out in the Australian National University Act 1991 (as amended), with reference to government directives as applicable, and in accordance with Investment Guidelines and policies endorsed by the Investment Advisory Committee and approved by the Finance Committee.

4. University Delegations are to be observed when undertaking investment transactions.
